

CNV – Company Name & Vision

Company Name: Connectify

1. Vision

Connectify - To create a tight efficient environment where all team members feel valued, supported and included in the company's success.

2. Mission

The goal of Connectify is to provide the best tools to ensure easy and automated internal communication applications.

The development of general-purpose content applications tailored to each company's needs makes internal communication more time and resource efficient. This in turn raises productivity, which comes into direct contact with the happiness goal of our vision.

We will provide solutions such as automated customizable messages and pleasing templates to display information so that every collaborator gets all the updates needed to be fully engaged with the company's goals and intentions.
